CLINIC SCHEDULE

4 Full Days spread out over 2 Weeks!
Instead of a 2 day “camp” we are more committed to helping girls become basketball players. We want girls to be able to develop skills over multiple weeks, instead of coming for 1 or 2 days!

Other “camps” offer girls a couple days and are more expensive! We offer 4 different days that you will get to work with our coaches and players!

And it’s okay if you can’t make it to every session, as you will still get your Shirt and Basketball. Plus you will be coached with enthusiasm and excitement!

Each participant will experience an opportunity to grow as a player and as a person. The players will benefit from a positive approach to the game. Each participant in the Clinic will be expected to give her best effort. Nothing less will be accepted. At the same time the Clinic is designed to make basketball and this experience tremendously fun and rewarding. The Clinic is designed to begin a base for a strong foundation in all fundamental areas of the game. The coaching staff's philosophy is to push players through a positive approach and empower them to tackle basketball and life head-on.
