Dear NCHS Community,

The registration process is an extremely important activity that requires all stakeholders working together. Student course request determine the number of sections created with the intention of giving every student an opportunity to experience as many class offerings as physical space allows. For this reason, students and their families are an integral part of the experience. When choosing classes, please thoughtfully consider the students' educational and career goals. With attentive course selection, NCHS will be more able to create a master schedule that meets the needs and wants of our students.

Please know that the NCHS Counseling Department is eager to help students prepare for the next year, as well as their futures. If you have any questions, don't hesitate to call the Counseling Main Line at 253-1517; Ms. Hall or Mrs. Brooks will connect you with your student's counselor. Our counselors can also be contacted using their email addresses:
