Did you know that platforms like Instagram, Snapchat, WhatsApp, Band and even Text Messaging do not meet the safety and privacy requirements at the State or Federal levels for education? Safety, Privacy and Security measures protect not only your students but also your educators.

Collection/Use/Disclosure of Personal Data

Minga meets United States federal and state standards for data collection, storage and sharing. We never collect unnecessary information, and we never share it outside of your school or district including names or email addresses.

3. Reporting and Deleting: Anyone on your Minga can report offside content and you can set a report threshold to automatically remove it. Any teacher or administrator can immediately delete content in real time.
